OBJECTIVE

Apply my Computer Science skills to solve real-life problems, develop innovative software, and contribute to the development of your company's talent and culture.

EDUCATION

University of California, Santa Barbara – B.S. Computer Science

June 2018

- GPA 3.51
- Relevant Coursework: Android Dev, Data Structures and Algorithms, Computer Networks, Computer Security, Operative Systems, Database Design

CORE COMPETENCIES

CS

- Programming experience – C++, Python, Java, Ruby on Rails, React

PROJECTS

Stage Presence – Python, OpenCV, Google Vision API, JS, CSS3

Sep – March 2018

- Won UCSB Capstone's competition by developing a platform that helps people improve and master their presentation skills.
- Tracked users' movements to warn them if they've been standing still for too long
- Implemented a clean and responsive UI using good HCI concepts

CorePool – React Native, Firebase

July 2017

- Developed a multiplatform mobile application to improve commute and parking logistics at Procore
- Designed and implemented an intuitive UI based on user experience research
- Implemented JavaScript promises to avoid wrong data delivery caused by asynchronous calls to the database

Lobster – Android, Firebase

Jun 2017

- Designed the database schema for users and chat rooms used in a chat app
- Implemented user persistent authentication through Gmail
- Allowed users to have an avatar and share images by using Glide and Cloud Storage

RELEVANT EXPERIENCE

U.C.S.B.

2014 – present

- Helped students with coding questions at the Library's Research Collaboratory

Procore

Jun – Sep 2017

- Worked on the *Search* team helping maintain an Elastic Search engine in a Ruby on Rails backend
- Developed a proof of concept to perform a global search using React components, API endpoints and Elastic Search queries

T.A.N.C. Lab

Apr – Jun 2017

- Programmed automated solutions for experiments using C++ and Matlab
- Restructured a Matlab program to run a quantum random number generator that could only be used using C++

OTHER SKILLS & INTERESTS

- Spanish, English - fluent
- Outstanding capacity to establish interpersonal relationships
- Play guitar and learn web-development in my free time
